The Mains Quinlin VFW Post 9535 in Augusta will be hosting a Meet the Candidates event from noon to 3 p.m. on Saturday, April 5th. The community is invited to spend the afternoon with the candidates. Sloppy joes, a 50/50 split the pot, auction and door prizes will be among the afternoons events.

Naegele Benefit, rescheduled to Tuesday, April 15th

A Quarter Auction and Chili Supper will be held at Watson Community Building in Brooksville on Tues., April 15th. The Chili Supper will begin at 6 p.m. and the Quarter Auction at 7 p.m. All proceeds will go to benefit Robert Naegele and to help with medical expenses. **If over a \$1,000 is raised, Marty Hause, who**

will be in attendance, will shave his head!

Robert is the 25 year old son of Jeanne Cooper born with Spina Bifida. His lower extremities have been affected by Spina Bifida confining him to a wheelchair. He has had 5 shunt replacements in his head to drain the excess fluid away from his brain so his ventricles will work properly. Robert has recently found out he has Chiari Malformation. Basically the brain has moved and is putting pressure on his spinal cord/nerves causing paralyzation in his arm and a great deal of pain. They are expecting surgery soon as he meets with a surgeon at UK in April. For info or to donate contact Mandy Davenport 606-375-0643, Rita Hamlin 606-584-3815, Amber Liger 606-375-3928, or Jeanne Cooper at Snappy's.

Linville Benefit Sat., April 12th

A benefit will be held on Sat., April 12th at the Germantown community building for Jane Linville. Jane, a resident of the Stonewall community in Germantown, was diagnosed last month with Multiple Systems Atrophy, a degenerative disease that affects the autonomic systems. Both winners will be drawn that evening during the benefit auction.

For more information or to make a donation, call 606-782-0406 or 606-782-3090.

First National Bank makes donation to Brooksville VFD

On Thursday, March 21, 2014, the First National Bank of Brooksville donated \$500.00 to the Brooksville Volunteer Fire Department. First National Bank is happy to support our local organizations. Pictured above are Steve Hamilton, President of First National Bank and Chief Chris Doyle of the Brooksville Volunteer Fire Department.

Our local volunteer fire departments depend on the donations of organizations like the First National Bank and individuals to cover expenses such as new equipment, vehicles, and other operational expenses. Bracken County is fortunate to have three volunteer fire departments, Augusta, Brooksville, and Germantown, protecting its citizens. Due to being volunteer organizations, each department is often called upon to help out in each others districts when personnel are short-handed or when events are larger than one department can control, due to vehicle resources, manpower, and length of time on the scene.

To donate to the Brooksville Volunteer Fire Department, send checks in care of David Appleman, BVFD Treasurer, PO Box 9, Brooksville, KY 41004. Chris Doyle was recently appointed Fire Chief.

To donate to the Augusta Volunteer Fire Department, send checks to AVFD, 215 Main Street, Augusta, KY 41002. Jim Wilson currently serves as the Fire Chief.

To donate to the Germantown Volunteer Fire Department, send checks to GVFD, 70 Bridgeville Road, Germantown, KY 41044. The current Fire Chief is Mark Mains.

Community volunteers help to make AIS Operation Preparation a success

On Thursday, March 27 more than 30 community volunteers came together to help Augusta Independent School with their Operation Preparation. Operation Preparation is a joint effort of the Kentucky Department of Education and the Department of Workforce Development and provides a powerful opportunity for schools, students, parents and communities to collaborate in the process of effective advising and focus attention on the importance of planning for college and/or career.

Students in grades 8, 10, 11, and 12 had the opportunity to sit down with the community advisors of their choice to discuss their career goals. These students got to meet with several different advisors for 10 to 15 minutes to discuss the aspects of their specific occupations and talk about the education/training students would need to be successful at their job.

These small group meetings with community members gave students a real life picture of what they have to prepare for after high school. Augusta Schools is hoping that Op-

eration Preparation helps prepares all their students to meet the demands of the 21st century.

Earlier in the month students took part in field trips,

college visits, ILP week, theme days at the school, and other activities to get them thinking about their future after school. Augusta Independent appreciates all the

community volunteers for making this another successful year for Augusta students. For more pictures from Operation Preparation, see page 6.

Letters To The Editor

While she was a law student, I had the opportunity of meeting Cynthia Thompson. I quickly learned through her questions and pursuit of information, she was a serious student who would be a gifted attorney. It is also the reason I hired her after she passed the bar.

Over the years, Cynthia has demonstrated her abilities in the courtroom and as an advisor to organizations and individuals, both public and private. She is intelligent, experienced and fair.

I strongly urge everyone to vote for her as Bracken County Attorney on Election Day.

Some History of the Court House

Continued

The erection of the Court House Woodward's Cross Roads (Brooksville) was the third in the county. This small brick Court House just described was used by the people of Bracken County continuously for holding court up until 1863, when plans and specifications were laid for the erection of a new court house.

And in accordance with those plans and specifications was built the court house which served the people up until the erection of the splendid temple of just which now graces the public square in Brooksville.

Of the Court House which has just been torn down to make way for the present structure, we say little here for the reason that the building, its appearance and proportion are familiar to us all, and fresh in the minds of the inhabitants of the County. Notwithstanding this fact, however, the lawyers which met at the first Circuit Court held in that house on the 25th day of November 1864, have long since passed within the shadow where lawyer's arguments and court decisions will never again disturb the quietude of their slumbers.

guments and court decisions will never again disturb the quietude of their slumbers.

We do not hesitate to say that the present splendid structure which the inhabitants of the county will hereafter refer to as "Our Court House" is, cost considered, one of the best in the State. Its cost is a little high, \$50,000.00, is three stories high, has five rooms on the third floor, a court room 50x50, in the clear, with 21 foot ceiling, and eight other commodious office rooms on the second floor and thirteen splendid office rooms on the first floor.

Its two main stairways are made of concrete and marble. All the halls have marble wainscoting. It has two splendid fire proof vaults for the records of the county, one attached to the County Clerk's Office and one to the Circuit Clerk's Office. Also a vault for the Records of the County Judge and Superintendent.

All of the halls and vaults have terrazzo floors, are hard wood maple over concrete.

The building is semi-fire proof, constructed throughout of concrete and brick. Five toilets in basement and three upstairs.

Take Care of Your Diabetes to Keep Your Kidneys Healthy

Submitted by: Donna Teegarden RN CDE, Bracken County Health Department

If you have diabetes, it's important that you know about the link between diabetes and kidney disease, and what you can do to keep your kidneys healthy.

Why do we have kidneys?

You have two kidneys, each about the size of your fist, located just below the rib cage, near your back. Their main job is to filter wastes and excess water out of your blood to make urine. Your kidneys also help control blood pressure.

What is kidney disease?

Your kidneys filter your blood through many tiny blood vessels within your kidney. If the blood vessels in your kidney are damaged, they become less and less able to do their job. This damage can cause wastes to build up in your body. This is called kidney disease.

What is the link between diabetes and kidney disease?

Kidney disease is most often caused by diabetes or high blood pressure (which many people with diabetes also have). As many as 2 in 3 people with diabetes also have high blood pressure. About 1 in 3 people with diabetes have kidney disease.

When you have uncontrolled diabetes, there is too much sugar (glucose) in your blood. This high blood sugar can damage the tiny blood vessels in your kidneys, so they have trouble filtering waste from your blood. High blood pressure also can dam-

Thoughts and Meditations from the Scriptures

ADMIT WHEN YOU'RE WRONG

One of the barriers to good relations is when people dig their heels in and refuse to admit when they are wrong. Many an argument could be shortened by the offending party simply admitting his offense and sincerely asking for forgiveness. In fact, many arguments could be avoided by apologizing or admitting ahead of time that you might be wrong. It is always a good disarming tactic to let people know that you could be wrong about something, or to offer your apologies in advance for what you are about to do. Moreover, people who refuse to apologize even when they know they are wrong, or who offer insincere apologies are seen as pride-filled, dishonest, and not interested in smooth relations. If you want to get along with your family, friends and colleagues, be quick to admit when you're wrong. This advice also applies to your relationship with God. That is, admit to God when you have sinned and accept His forgiveness just as readily. —*Christopher Simon*

Whoever conceals his transgressions will not prosper; but he who confesses and forsakes them will obtain mercy. - Proverbs 28:13

FIRST BAPTIST CHURCH OF AUGUSTA

by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. Brother Gary Bishop stood in for Brother Tony this Sunday. His sermon was taken from Romans ch.1 it was titled "Spreading the Good News". As Christians, God assigned us the task of spreading the good news of the gospel of Jesus but we must patiently wait on direction from the Lord to lead us in this endeavor.

We invite you to come join us as we wait on God to reveal more of His plan for our lives. Our services begin with Wed. Night Prayer Meeting 7:00 p.m. Sunday School Classes are 9:30 a.m. This week's lesson is titled "Jesus Cleanses The Temple". This lesson will help you clear the clutter from your life so you can focus on what truly matters, Jesus! Sunday Morning Worship is 10:30 a.m. & Sunday Evening Service is 6 p.m.

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor
Augusta Presbyterian

What a wonderful week! A full house at the soup supper, a joyous worship service at The River Community Church, and a viewing of the movie "God's Not Dead". I suggest that you go and take your youth to this movie. There was a good crowd at the Christian Church on Saturday night for the spaghetti supper.

Our Children's Sunday School class is growing. I think there is at least ten attending and we had nine in our adult Bible School class. We have finished the study of first, second, and third John and Jude. Now we are going in an entirely different direction. We started study of a program designed by Rick Warren. It is based on recommendations from the book of Daniel and is enhanced by a study by Rick concerning proper way of consuming food. Rick lost a lot of weight on this food program and I am looking forward to the study in the next two months. More about this study later.

We had 64 in attendance for worship service. Millie Bush led the service, Susie Hargett led the singing, Shelby England had children's church, and Kay Grooms did the power point.

We were happy to welcome as part of our worship service, Dr. Milton Brindley. Many of his family were present also.

The topic of my message was about the healing of the blind man.

Monday night is our weekly soup supper and Wednesday we will be the guests at the United Methodist Church for Lenten services. The following week we will be at St. Augustine and for the finally week, we will be back at the Presbyterian Church.

GREETINGS FROM ST. JAMES

by Caroline Jefferson

The 2014 Lenten Season is half over, but it's still not too late to make (and keep) a resolution to 'give up' something or to 'do' something that will make us a better person! This country is in desperate need of God's graces and as Christians, we need to be leading others to the love of our Creator through our prayers and actions! If we can get our act together, this Easter's dawn will bring us much joy and renewed hope!

Only two more Fish Fry Fridays remaining -- this Friday, April 4 and the following Friday, April 11, from 5-7 p.m. Our sincerest appreciation is extended to everyone who supports us in this fund raiser! We enjoy seeing the smiles that these gatherings bring!

We invite everyone to participate in the Lenten Friday Masses at 7 p.m. followed by the Stations of the Cross, a prayer that allows us to meditate on the sufferings and death of Jesus as we follow His steps to Calvary. These forty days of Lent give us the opportunity to, at least once a year, become the best version of ourselves through prayers, almsgiving and sacrifices!

NEW LIFE FELLOWSHIP

by Beverly Whittaker

It was wonderful to worship together this Lord's Day, March 30. The special this morning was brought by Barbara Bolar, singing "Me and God". Pastor Doug's message was about preparing the vision with the text being Habakkuk 2:2-4. We are preparing the vision for the field, the fort, and the future. The purpose of life is to spread the Good News of Jesus unto all the world.

We have several exciting events planned here at New Life and we want to invite you to be a part of our excitement! On Sun., Apr. 13, the community is invited to hear our special guest speaker, Carl Godwin and his wife, Gayle of Lincoln, Nebraska. Pastor Godwin will be running in the 2014 Boston Marathon race and will be speaking on "How To Win Life's Marathon". After the services, join us at noon for lunch at the church. Childcare will be provided. Our Easter Sunday celebration will be on Apr. 20. We will be starting off with breakfast at 9:30 a.m. We will be having special music and an aspiring message to serve our Risen Savior! There will also be the annual New Life egg hunt for the little ones.

Come out and worship with us. Our Wednesday evening meal is at 6 p.m. and Youth group/prayer service is at 7 p.m. Sunday School classes for all ages are at 9:30 a.m. and praise and worship is at 10:30 a.m. Remember God loves you and so do we! We are located at the intersection of the AA Highway and 875 on the left.

Jews for Jesus presentation at Fairview Christian

Join us as we participate in a model "seder" (Passover meal), and how the elements of that traditional Jewish meal point us to Christ.

The presentation will be on Sunday, April 13 at 6:30 p.m. This event is free and meant for the whole family.

Fairview Christian Church warmly welcomes anyone from the community who'd like to come and experience this meal. You won't want to miss it!

A free-will love offering will be collected after the presentation, with proceeds benefitting the mission of the "Jews for Jesus" organization.

Arthritis Exercise Class at the Bracken County Health Dept.

Did you know that nearly 50 million Americans have been diagnosed with arthritis, and in 2030 this number is projected to be 67 million?

One in five people in the United States is affected by arthritis, and almost two-thirds of these are younger than age 65.

The word arthritis literally means "inflammation of the joints," but that's a little misleading-not all forms of arthritis involve inflammation. Arthritis is a term used for more than 100 medical conditions. Some of these medical conditions include, gout, bursitis and tendinitis, to name a few.

There is also the psychosocial impact of arthritis. Chronic pain, deconditioning, depression and stress are common and interrelated symptoms of arthritis.

When movement of a body part leads to pain, there is a tendency to stop moving that joint. Muscle spasms also can occur, which further tighten muscles and cause pain. Continued disuse of a joint may cause stiffness, reduced flexibility, eventual joint contracture and other deformities, restricting movement even more. This loss of motion can lead to decreased function and disability, loss of self-esteem, depression and anger, with withdrawal from social activities. Stress can result, which increases muscle tension and causes more pain.

The arthritis foundation exercise program interrupts this vicious cycle. The exercises help relieve the physical symptoms of pain and stiffness. The group activities create an outlet for stress and negative feelings, decrease isolation through socialization, and provide an opportunity to improve self-image and self-esteem.

On April 16th, at 10 a.m., the Bracken County Health Department will be offering a free arthritis exercise program. The program will last for six weeks meeting twice a week, on Mondays and Wednesdays. Call the health department at 735-2157 to register for the class.

Celebrate Spring with Kentucky's Colorful Blossoms

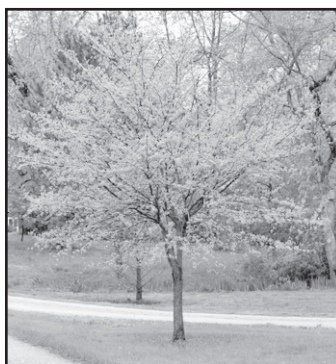

Spring in Kentucky brings a profusion of flowery color, particularly with the blooming of the Commonwealth's famous dogwood and redbud trees.

While you can glimpse these wonders of nature throughout the state, several locations offer the best prospects for viewing large concentrations of redbuds' striking pink blossoms and snowy white dogwood blooms.

For dogwoods, head to Paducah in western Kentucky, where the city has designated a Dogwood Trail that snakes 10 miles through downtown and leafy residential neighborhoods. April 2014 marks the 50th anniversary of the Dogwood Trail Celebration, which is highlighted by nighttime illumination of trees and gardens along the trail. Follow the signs strategically located at each turn in the trail, and you'll see many varieties of dogwoods, as well as Japanese maples, weeping cherry trees, redbuds and other flowering species.

The celebration stretches over several weeks in mid-April while the trees are in bloom. A bike ride expected to attract more than 250 cyclists is scheduled April 13. Winning entries in the city's Dogwood Art & Photography Contest will be displayed at Paducah City Hall through June. For more information about the Dogwood Trail Celebration, visit www.paducahky.gov/paducah/dogwood-trail.

Redbuds are found in all their colorful glory throughout the hills of eastern Kentucky. One of the best places to start a redbud tracking trip is Barbourville in the state's southeastern corner. Here the

annual Union College Redbud Festival of Appalachian Culture celebrates the mountains' springtime beauty with cycling events, photo contests, beauty pageant and Kentucky authors' forum. This year's festival is set for April 11-12. For more information, visit www.redbudfestky.com.

Follow U.S. 25E south from Barbourville, and you're sure to sight an abundance of the distinctive pink blooms on the surrounding hillsides. When you reach Pineville, stop at Pine Mountain State Resort Park and hike on one of its trails to examine the blossoms at close range. Other recommended routes for redbud viewing include U.S. 23, the Country Music Highway, which traces Kentucky's eastern border from Ashland to the Virginia state line; Red River Gorge Scenic Byway along state highways 15, 715 and 77; Hal Rogers Parkway between London and Hazard; and Kingdom Come Parkway along U.S. 119 between Pineville and Harlan.

For other state parks in the region that offer hiking trails with good bloom-viewing opportunities, visit www.parks.ky.gov. Check out www.kentuckytourism.com for more ideas on how to enjoy Kentucky's spring before the blossoms disappear for another year.

Thank You

First, I would like to thank my family and my friends who worked so hard to put the benefit together for me. Then I want to thank all the people who donated food, money, music, time, and gifts to help put it on. To the ones that came and enjoyed those things and participated in the auction, I want to deeply thank. All this was very much appreciated.

Honorable Steven L. Beshear, Governor
Lori H. Flanery, Secretary

Honorable Earl Bush, Bracken County Judge/Executive
Members of the Bracken County Fiscal Court

Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Cash Balances and Cash Equivalents - Regulatory Basis of Bracken County, Kentucky, for the year ended June 30, 2013, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described more fully in Note 1, the financial statement is prepared by Bracken County, Kentucky on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Bracken County, Kentucky as of June 30, 2013, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the cash and cash equivalents of Bracken County, Kentucky as of June 30, 2013, and its cash receipts and disbursements, for the year then ended, in accordance with the financial reporting provisions prescribed or permitted by the Department for Local Government described in Note 1.

Emphasis of Matters

As discussed in Note 1 to the financial statement, in fiscal year 2013, the Bracken County Fiscal Court adopted new accounting guidance on a regulatory basis. Our opinion is not modified with respect to this matter.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of Bracken County, Kentucky. The budgetary comparison schedules and capital asset schedule are presented for purposes of additional analysis and are not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The budgetary comparison schedules have been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedules are fairly stated in all material respects in relation to the basic financial statement. The capital asset schedule has not been subjected to the auditing procedures applied in the audit of the basic financial statement and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 15, 2014 on our consideration of Bracken County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Respectfully submitted,

Adam H. Edelen

Agriculture Secretary
Tom Vilsack Announces
Increased Opportunity for
Producers as part
of New Farm Bill
Farm Loan Program
Modifications Create
Flexibility for New and
Existing Farmers and
Ranchers Alike

Agriculture Secretary Tom Vilsack announced increased opportunity for producers as a result of the 2014 Farm Bill. A fact sheet outlining modifications to the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA) Farm Loan Programs is available.

"Our nation's farmers and ranchers are the engine of the rural economy. These improvements to our Farm Loan Programs will help a new generation begin farming and grow existing farm operations," said Secretary Vilsack. "Today's announcement represents just one part of a series of investments the new Farm Bill makes in the next generation of agriculture, which is critical to economic growth in communities across the country."

The Farm Bill expands lending opportunities for thousands of farmers and ranchers to begin and continue operations, including greater flexibility in determining eligibility, raising loan limits, and emphasizing beginning and socially disadvantaged producers.

Changes that will take effect immediately include:

- Elimination of loan term limits for guaranteed operating loans.
- Modification of the definition of beginning farmer, using the average farm size for the county as a qualifier instead of the median farm size.
- Modification of the Joint Financing Direct Farm Ownership Interest Rate to 2 percent less than regular Direct Farm Ownership rate, with a floor of 2.5 percent. Previously, the rate was established at 5 percent.
- Increase of the maximum loan amount for Direct Farm Ownership down payments from \$225,000 to \$300,000.
- Elimination of rural residency requirement for Youth Loans, allowing urban youth to benefit.
- Debt forgiveness on Youth Loans, which will not prevent borrowers from obtaining additional loans from the federal government.
- Increase of the guarantee amount on Conservation Loans from 75 to 80 percent and 90 percent for socially disadvantaged borrowers and beginning farmers.
- Microloans will not count toward loan term limits for veterans and beginning farmers.

Additional modifications must be implemented through the rulemaking processes. Visit the FSA Farm Bill website for detailed information and updates to farm loan programs.

Extending the
Grazing Season,
Thurs., April 10th

One of the greatest assets in most livestock operations are the forages present in pasture and hay fields. Maximizing forage management can help the operation be more efficient and productive. Looking at various techniques to get the most out of the forage base can increase profits and animal health.

The Mason County Extension Service will be hosting a program discussing techniques, practices, and layouts for extending the grazing season. The meeting will be April 10th at 6:30 at the Mason County Extension Office. **This meeting will qualify for the Phase I Educational Credit.** Contact 606-564-6808 to register for the class.

Tobacco Growers
Certification
Trainings in April

All those who plan to grow tobacco in 2014 will be required to obtain a Grower ID Card and attend Tobacco GAP Certification. Below is a brief description of the ID System and certification.

The Grower ID System is a secure database of tobacco growers involved in the U.S. Tobacco GAP Program. The system, by assigning a unique ID number to each grower, will help growers easily keep track of and share their GAP compliance records with potential companies. Instead of a grower's GAP efforts being tracked only through their current contracting companies, growers will have their GAP information follow them from year to year regardless of marketing company. Temporary cards can be obtained by visiting www.gapconnections.com or the your local Extension Office will provide this service as a courtesy to growers without internet access.

Tobacco GAP Certification Training is scheduled:

- Wed., April 16th - 10 a.m. - Bracken Extension Office 606-735-2141; Mason Extension Office 606-564-6808; Lewis Extension Office 606-796-2732; and Robertson Extension Office 606-724-5796.
- Tues., April 22nd - 7 p.m. - Bracken Extension Office 606-735-2141; Maysville Comm. College, Fields Auditorium 606-564-6808; Lewis Extension Office 606-796-2732.

Enrollment in each session is required, call to reserve your spot. Educational programs of Kentucky Cooperative Extension serve all people regardless of race, color, age, sex, religion, disability, or national origin. Disabilities accommodated with prior notification.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug
606-735-9960

Howdy Folks! Three more signs that spring is getting ready to 'spring forward' – the schools will be on 'spring' break in the Bracken County School system this week and the Augusta School next week, our 'spring' road clean is underway and the 'spring' flowers are blooming! The Cincinnati Reds begin their season this Monday afternoon and while opening day has presented some nasty weather in the past, this day is expected to be sunny and warm! Let's hope that Mother Nature does not pull an April Fools' joke and send us any weather conditions that start with the letter "s" other than sunny and spring!

Sometimes Monday mornings start off great when it comes to recycling and sometimes it really stinks and this morning it was the latter! Someone had thrown approximately 25 styrofoam plates into the Brooksville trailer that had leftover food attached to them. There was spaghetti, salad, chicken and the forks and napkins that go with a meal! This mess of plates and food were just thrown in on top of the legitimate recycling and it was quite a task to get it out! It looked like someone had a party at the trailer and as soon as they were finished with the meal, they tossed the remains into the trailer! We cannot emphasize enough that ALL recycling is sorted by hand and no one wants to grab paper or bottles that have food residue all over them! Please do not put any food of any kind into the trailers! Yes, we know we are preaching to the choir, but just maybe a guilty party will read this and realize their mistake!

Our Spring Road Clean will run through April 24 so please be aware of the groups that are cleaning and allow them room to do their

job. Each year the amount of funds that we get from the Kentucky Litter Abatement Grant gets smaller and smaller. With continuing cuts in the budget, it will not be surprising when funds will no longer be available for litter abatement. It is up to us as good citizens to not litter, but throwing something out the vehicle window is not the only way that our roadways get littered.

Trash set out for Rumpke pickup in plastic bags become an easy target for the neighborhood dog, cat, possum, raccoon and smaller rodents. Once the bags are opened and the marauder gets its fill, the contents become toys in the wind and end up in trees, ditches and even the neighbors' yards! If your garbage sacks are not enough to keep varmints from scattering the contents, then it's time to get some lidded trash cans. Litter also comes from the back of trucks when the cargo is not tied down. Cans, bottles, sacks, boxes, etc. that are thrown into the bed of a truck can become airborne when meeting semis or when a stray gust of wind hits.

Another source of litter comes from trailer loads of garbage and debris that are being taken to the landfill but are not covered. As good stewards of the earth, we need to become aware of the damages that our actions create for the environment. We need to develop good habits that sustain and promote the health of the earth and being conscientious about the resting place of our garbage is a must! Cans, plastic and glass bottles, Styrofoam products thrown out today will still be in the same spot 100 years from now! Please RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – *Bin & Bug*.

Kentucky “... and here they come to me now!” Wildcats going to Final Four

In context of losing ten times, surviving Kansas State, unbeaten Wichita State, defending NCAA champion Louisville, then Michigan, Kentucky’s unlikely advance to the 2014 Final Four, is reminiscent of ...

“... the Giants win the pennant! The Giants win the pennant!” – Russ Hodges, New York Giants radio, 1951.

Or ... “Do you believe in miracles?” Al Michaels, Olympic Games, 1980.

Or ... “I don’t believe what I just saw,” Jack Buck, St. Louis Cardinals radio, 1988.

Or ... “... and here they come to me now.” Cawood Ledford (any Kentucky Derby).

Me, in this instance, is you of Big Blue Nation. They, in this instance, are three front men – Marcus Lee, Aaron Harrison and John Calipari. Each personifies what has emerged from March’s mad wilderness, a team.

Call 606-735-2198

√ Harrison had nerve to seize a moment, step back with 2.3 seconds left on Sunday, and stick it.

√ Lee stayed engaged to explode out from Willie Cauley-Stein’s long shadow and, well, step up.

√ And, Calipari recognized the media love and dividend to be gotten from preparing his team, leave them to talk together before tipoffs and time outs, shut up and let ‘em play.

For Kentucky fans: “... and here they come to me now.”

A month ago, Big Blue’s basketball bunch dribbled onto the court in Atlanta wearing the same clothes. By Sunday evening, March 16, the Wildcats had lost to Florida by a point, accepted an NCAA selection committee slap-in-the-face eight seed in the Midwest Region. K-State was waiting. No. 1 ranked Wichita State, defending NCAA champion Louisville and 2013 title game finalist Michigan too.

In a fortnight that beckons a Jack Buck: “I don’t believe what I just saw!” the Wildcats came upon us like daffodils. Suddenly, there they are! Next, UK gave its fans four games so gorgeous even Uncle Adolph Rupp would’ve allowed an approving smile.

Not since Anthony Davis’ Inc. highlight reels has Big

Blue Nation had reason to revel in 160 minutes of gorgeous basketball. Four games. Silk. Efficient, good decisions, unselfish, soaring, push-for-shove, incredible clutch shooting, and no blink.

Kansas State was game but surrendered.

Wichita State was determined, but too nourished by a negative: “we don’t get any respect.”

Louisville simply cracked under pressure. Rick Pitino was so crushed he could not do the hand shake queue with one-and-done Wildcats.

And, by then, Michigan faced a Kentucky team destined to put in full eclipse the ghost of Christian Laettner. Even if these Wildcats had no idea, you did. Aaron Harrison’s step-back swisher at 2.3 seconds ... then guard the in-bound pass.

Epilogue? NCAA Midwest All-Region Team: UK’s Julius Randle and Aaron Harrison of course. But, (wait for it) with 15 minutes playing time in one box score, Marcus Lee. Perfect.

‘... and here they come to me now.” ... Kentucky is going to the Final Four.

America’s glam team is bringin’ its best, driving the band wagon past all the “told ya so’s” to Lone Star’s Big D.

TWEAK

As surprised by his team’s blossom as the next man, Calipari, in three weeks, given new life to the word, tweak which means: “I’m gonna shut up-and-let ‘em play!”

Media herd allowed itself

to be tweaked by John Calipari too. By Sunday critics to one-and-done-ism were U-turning faster than Charles Barkley’s bobble head move.

“Hey, maybe John’s got it right,” they yodeled.

AMEN CORNER

Michigan’s John Beilein, one of the five best coaches in college basketball today (Billy Donovan, Tom Izzo, Rick Pitino and Mike Krzyzewski), offered the best quote last week.

About Michigan Fab Five and so much attention given Kentucky freshmen “... is a media thing,” Beilein said at a press conference. “I wish we’d all just embrace the kid that’s a grinder for four years instead of making this huge thing about freshmen stars. Let’s reward the kid that really works hard just as much as the freshmen stars.”

Amen.

REFLECTIONS

√ Michigan’s Fab Five, a sports writer implied last week, “was cool and spearheaded a huge social change.”

Say what? Chris Webber, Jalen Rose and pals did not win even a Big Ten title. And, their booster-financed time in Ann Arbor brought an NCAA edict: Take down the Final Four banner. Some cool legacy.

√ With ESPN’s Jimmy Dykes gone off to coach the women’s team at Arkansas, basketball fans might get relief from incessant analysis, right? Wrong. Greg Anthony is a worthy replacement. He’s good, but, if it moves, Anthony’s going to explain.

√ If someone whispered four words into Alex Poythress’s ear before he checked into a game, the kid might be an All-American. “It’s show time, man.”

√ Stunning, life and times parallels of Adolph Rupp at Kentucky and John Wooden at UCLA. Seth Davis’ Wooden: A Coach’s Life, is quite a read.

FINAL FOUR

Odds makers make it an all SEC final on Monday.

Florida versus Kentucky would be a second meeting this year. The Wildcats Billy Donovan’s team played in Lexington

to sell the hereinafter described tract of real estate and any improvements thereon. This sale is to satisfy a Judgment and Order of Sale in favor of CITIMORTGAGE, INC. against the Defendant herein in the principal sum of \$94,720.72, plus accrued interest of \$3,052.59 from February 1, 2013, late charges of \$143.15, plus accrued interest at the judgment rate of 12.0% per annum from date of judgment until paid, together with amounts for assessments, advancements for the protection of the property, taxes and insurance, escrow advances, reasonable attorney fees, insurance premiums and court costs incurred herein.

The real estate to be sold is described as follows:

Address: 3200 Asbury Road, Augusta, Kentucky 41002

Being a 0.4854 acre parcel situated in Bracken County, Kentucky, on the South side of Asbury Pike (KY 1011) approximately 2.4 miles East of Chatham, Kentucky and being more particularly described as follows:

Beginning at a fence post (and iron pin) in the south right of way line of Asbury Pike (KY 1011) also corner to Charles Cooper; thence with the right of way lines of Asbury Pike (KY 1011) S 64 degrees 00’ E 148.81 feet to an iron pin, corner to Cooper; thence S 24 degrees 19’ 08” West 142.40 feet to an iron pin corner to Cooper, thence N. 64 degrees 09’ 39” West 147.84 feet to an iron pin corner to Cooper; thence North 23 degrees 55’ 54” East 142.84 feet, back to the point of beginning; containing 0.485 acres plus or minus.

SOURCE OF TITLE: Being the same property conveyed to Robin Fraley and Carla Fraley, husband and wife, by deed of Jamie Bell and Marla Bell, husband and wife, dated September 27, 2004 and of record at Deed Book 175, Page 643 in the Bracken County Clerk’s Records.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2014 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

Generosity creates immense change in Haiti one family at a time

Pictured left to right with the Cless family are: front row: Trish Moneyhon and Gary Figgins. Middle row: Randy Figgins, Lois Oldham, Jay Caldwell, Karlie Smith, and Peggy Fury. Back row: Kathryn Dee, Eric Dee, Dennis Moneyhon, Rhonda McCord, Deb Hicks, Gary Hicks, Caleb Sudlow, and Jeff McCord.

Fairview Christian Church Haiti Mission Team continues to support the people of Haiti with work and teaching trips. They appreciate everyone who gave to their most recent endeavor to build a home in Haiti. The Cless Family (shown above) had lived in a tent since the destructive earthquake that hit Haiti in

January of 2010. Since then, the couple and their two children, Luna (7) and Myson (14), had been making the best of their situation in the makeshift home they had constructed.

The Fairview Christian Church Haiti Mission team is pictured above with the family in front of their new home. (Myson was absent

from the photo due to an illness that day.) Because of the generosity of so many people, the team was also able to provide funds to help furnish the home with some basic furniture necessities. Those who donate so generously are not always able to see the immense change their donations can make in a family's life.

A team will be returning in July to paint the Cless family home and a few other homes that previous teams have built or repaired from earthquake damage.

If you would like more information on the mission relief projects, contact Fairview Christian Church at 606-747-5305.
